

INDIGO MONTESSORI SCHOOL

WE HAVE TWO GIFTS TO GIVE OUR CHILDREN.  
ONE IS ROOTS. THE OTHER, WINGS.

*Meet Indigo's Infant Teacher*

*Michelle Griffin*

Michelle Griffin, a North Carolina native, has always loved children and especially infants. She had the unique experience of living at The Masonic Home for Children at Oxford for 14 years. Michelle resided in a house with children ages 3 weeks through 12 years of age. Pursuing a career in Early Childhood Education came very naturally for Michelle, as she had the opportunity to help care for many younger children while growing up.

Michelle received her Associates of Arts degree in Early Childhood Education in 2001 from Vance-Granville Community College. Since completing her degree, she has immersed herself in the childcare profession – primarily focusing on the care and development of infants and young toddlers. She has established a close rapport with each of her parents and enjoys the daily privilege of caring for all of the children in her classroom.

Michelle is married to Jason Griffin and recently gave birth to her first baby girl named Berkli. She enjoys playing volleyball, traveling to the beach, shopping and spending time with babies!
